Solar lamp LED 50 W

Panel 90 W

A solar lamp with a twilight sensor is a great way to illuminate your driveway, property, etc. The housing made of aluminum is very durable. The built-in dusk sensor, solar panel and battery prevent the lamp from consuming electricity.

Tone:	6000-6500K
Panel:	90W, 18,4V, polycrystalline
Battery:	Lithium-ion, 50ah, 12V
Charging time:	6-8h
Discharge time:	30-36h
Brightness:	5000 lumens
Material:	aluminium
Installation Height:	5-7m
Certificate:	CE, RoHS, EMC, IP65

The lamp comes to you neatly packed.
The carton includes:

- LED lamp,
- Solar panel,
- Battery,
- Lamp and panel holder.
